Scott, continued managing portfolios together and reformed the corporation in May 2006. The firm registered as an investment adviser with the U.S. Securities and Exchange Commission in June 2006. L&S performance results prior to the reformation of the firm were achieved by the portfolio managers at a prior entity and have been linked to the performance history of L&S Advisors. The firm is defined as all accounts exclusively managed by L&S from 10/31/2005, as well as accounts managed in conjunction with other, external advisors via the Wells Fargo DMA investment program for the periods 05/02/2014, through the present time.

L&S claims compliance with the Global Investment Performance Standards (GIPS®). Upon a request to Sy Lippman at [slippman@lsadvisors.com](mailto:slippman@lsadvisors.com), L&S can provide the L&S Advisors GIPS Annual Disclosure Presentation which provides a GIPS compliant presentation as well as a list of all composite descriptions.

L&S performance shown includes that of the Tactical Equity Income WRAP ("TEI WRAP") Composite which contains fully discretionary TEI WRAP accounts. The TEI WRAP Strategy seeks income through yield and capital appreciation primarily from the tactical and unconstrained investment in risk-appropriate equities. WRAP strategies are appropriate only for those clients whose account is on a WRAP platform. Composite performance results have been calculated by using time-weighted returns based on the beginning of period values on an adjusted capital basis. Performance results are total return and include the reinvestment of all income. For the periods prior to December 31, 2014, net of fee performance reflects the reduction of the highest WRAP fee charged (3.00% annually) and gross of fee performance has been reduced by transaction costs. For all other periods, net of fee performance reflects the deduction of actual wrap fees charged and gross of fee performance has not been reduced by transaction costs. Other than brokerage commissions, wrap fees include investment management, portfolio monitoring, consulting services, and in some cases, custodial costs. Valuations and returns are computed and stated in U.S. dollars. Past performance does not guarantee future results and other calculation methods may produce different results. Results include accounts no longer with the firm. The minimum account size for the TEI WRAP Strategy is \$75,000; however, actual minimums may vary by platform. Inception performance is as of October 31, 2005.
